

Teaching guide: Set texts and films

This resource is designed to support teachers and students preparing for the AS and A-level French/German/Spanish Paper 2, by providing you with a selected list of available resources. It accompanies our guides, *Teaching film* and *Teaching literature*, which you can find in the teaching resources section of our website. We hope it helps you to decide which set texts and films will most engage and inspire your students.

We have organised this suggested list by language, with separate sections for set texts and for set films.

The range of currently available resources inevitably varies between works. We will update this list of resource as additional resources become available and will also be commissioning our own bespoke resources for certain works for which there appears to be very limited existing material.
